AASHTO INTERNATIONAL DAY SUNDAY, SEPTEMBER 16, 2018

Now in its 15th year as an integral part of the ITS World Congress, AASHTO International Day is presented by the American Association of State Highway and Transportation Officials (AASHTO) in partnership with the U.S. Department of Transportation. It brings together transportation officials from around the world to take on topics of consequence addressing the transportation challenges and opportunities facing public agencies.

The 15th Annual AASHTO International Day (AID) will focus on “ITS—Quality of Life” and the latest ITS solutions and mobility technologies from around the world. Topics will include: Cooperative Automation Highway Systems; Connected and Automated Vehicle scenario planning, pilots, and use cases; Mobility as a Service (MaaS); Big Data; the importance of infrastructure for mobility and the evolution of V2I and V2X; and Alternative/Agnostic Communications to support and enable CV/AV and other transportation technologies.

Presentations will be offered by policy experts and practitioners representing each of the three ITS regions (ITS America, ERTICO/ITS Europe, and ITS Asia Pacific) and from Denmark, the host of this year’s ITS World Congress.
