What is TIM?

"TIM" stands for Traffic Incident Management. TIM guidelines specify the rules and practices of cooperation and responsibility for the various responders at an incident. According to the Federal Highway Administration (FHWA), TIM consists of a planned and coordinated multi-disciplinary process to detect, respond to and clear traffic incidents so that traffic flow may be restored as safely and quickly as possible.

How long does TIM training take?

TIM training is a 4-hour or 8-hour course.

Who is involved in TIM?

TIM is a coordinated process that involves a number of public and private sector partners. Arizona stakeholders include federal, state and local agencies, such as emergency medical services (EMS), fire and rescue, law enforcement and transportation. Private sector stakeholders, such as towing and recovery, and
