

About the TIM ILVT

- Mirrors the instructional content of the 4-hour course for the National TIM Responder Training Program
- Enables participants and instructors to interact in real-time
- Provides ability for question/answer and discussion between instructor and participants
- Allows for the use of virtual tabletop exercises
- Enables responders of various disciplines to work together as a team to learn and practice response techniques

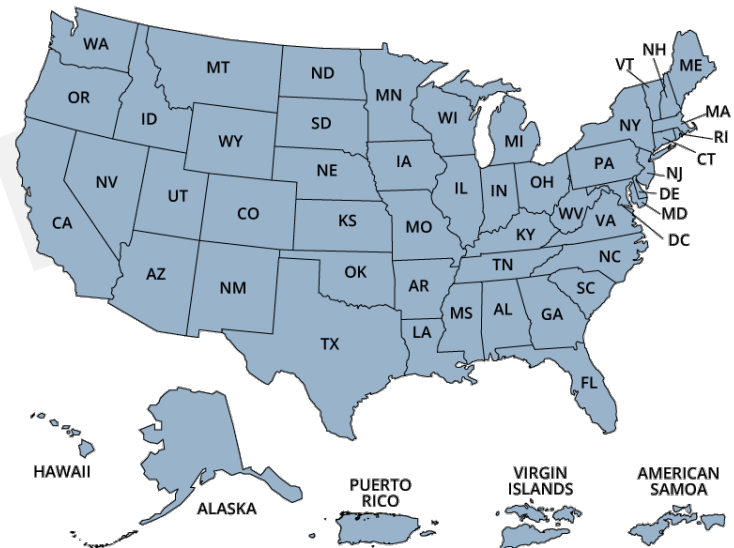

Virtual Tabletop Exercises

Training More Responders

- Provides capability of reaching a much broader audience
- Enables thousands more responders to receive vital training
- Provides responders with more flexibility in taking the training
- Developed in four (4) 1-hour blocks

Block 1
