# TRB Structure and OPG YMC

## Operations & Preservation Young Member Council

### Mission Statement

Our mission is to provide a forum and support framework for all students and young professionals interested in Operations and Preservation so they can reach their full potential as TRB Young Members.

### Vision Statement

Our vision is that every Operations and Preservation standing committee will have 4 contributing young members and 10 engaged young friends, all supported by a strong Operations and Preservation Group Young Member Council.

The screenshot shows a LinkedIn group page for "TRB Operations and Preservation - Young Members Council" with 26 members. The page features a header with the LinkedIn logo, a "Back to LinkedIn.com" link, and a "Manage" button. Below the header is a section for starting a conversation with the group, followed by a post by Mark Franz, Faculty Specialist at the Center for Advanced Transportation Laborator..., titled "Uber Banned in London". The post includes a photo of a street scene and text discussing how being banned in London could force Uber to become a better company for everyone. Below the post are "Like" and "Comment" buttons and a reply input field. To the right of the post is an "ABOUT THIS GROUP" section describing the group as a subcommittee of TRB YMC focused on getting young members involved in Operations and Preservation sections. Below this is a "MEMBERS" section showing 26 members and an "Invite others" button. At the bottom of the page are "Promoted" advertisements for "Gruff - AllegroGraph" and "Comcast Business".
