**NATIONAL TRAFFIC INCIDENT RESPONSE AWARENESS WEEK**  
NOVEMBER 10-16, 2019

**Safety Is A TEAM Effort**  
**Traffic Emergency Actions Matter**

National Traffic Incident Response Awareness Week 2019 is a chance for all responder communities to individually and jointly make a difference by reaching each other, and the motoring public, about our common goal and responsibility to one another.

In the past three years, state DOTs, Turnpike Authorities, and responder agencies and organizations marked Incident Response Week with:

- Targeted DTVS messaging
- Ride-along opportunities
- Video filming
- Social media campaigns
- Open houses
- Social awareness activities
- Events marking the lives we lose in preventable crashes

Millions of responders are working on the roadway at traffic incident scenes. 24/7/365. Millions more motorists are passing near or through that TIM work zone. Traffic Emergency Actions Matter! Are you part of the TEAM? Tell us what you are doing to promote safer incident scenes.

**What Are You Putting Together?**

What is your fellow department doing? Are you working with your local fire department and ambulance medical services to make your 911 center is calling an event. Are there more tow truck companies and operators hooked up with cameras to call attention to that area? Reach out to your state or trucking association and reach out about the folks at your truck.

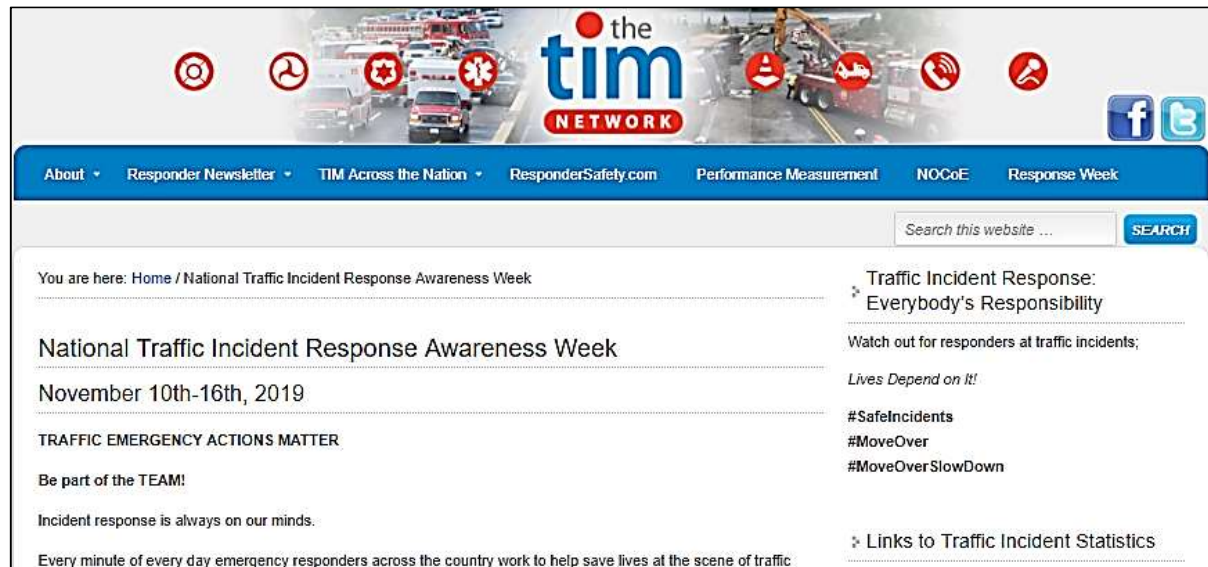

A toolkit focused on community outreach is on the TIM Network website at <http://timnetwork.org>

Try out ideas like these detailed at [timnetwork.org](http://timnetwork.org)

- Opportunities for media to ride with responders or safety demos
- Tours of your fire house, police station, EMS garage or tow truck yard
- Set a training goal and conduct multiple TIM Response training courses
- Demos on outreach materials in every venue you can think of

**PLEASE TELL US WHAT YOU PLAN AND SHARE YOUR SUCCESS STORIES AFTER THE EVENTS BY EMAILING** [Check\\_Yorks@tydps.com](mailto:Check_Yorks@tydps.com)
