National Traffic Incident Response Awareness Week

November 9th-15th, 2020

Make a Difference

National Traffic Incident Response Awareness Week 2020 is a chance for all responder communities to individually and jointly make a difference by teaching each other, and the motoring public, about our common goals and responsibility to one another.

In the past three years, state DOTs, Turnpike Authorities, and responder agencies and organizations marked Incident Response Week with:

- Targeted SMS messaging
- Ride-along opportunities
- Video sharing
- Social media campaigns
- Open houses
- Special exercise activities
- Events marking the lives wasted in preventable crashes

Also, please consider an online training program from [National Highway Institute \(NHI\)](#) or [Responder Safety Learning Network](#) at no cost to responders! The [TIM Network](#) site has more information as well.
